

PCC Intermodal Kutno Terminal

RULES FOR DRIVERS 01/06/2015

1. Enter the terminal only when allowed by PCC Intermodal employee or authorized security personnel.
2. Follow road markings and traffic signs.
3. **Reachstackers and other terminal vehicles with yellow beacon lights always have priority.** Attention! Reachstacker drivers have limited visibility, especially behind them.
Please pay special attention when driving near to a reachstacker.
4. Please listen to CB radio **channel 35 (AM)** as long as your vehicle is equipped with such a radio.
5. Speed limit on the terminal 20 km/h (12 mph).
6. No smoking on the terminal - no exceptions!
7. Wear a high-visibility vest and protective helmets at all times.
8. Do not leave the cabin unless a reachstacker driver allows to do so.
9. **Attention! Reachstackers are moving across the terminal and between storage blocks. You are obliged to STOP before crossings and make sure you can pass safely.**
10. Entering the track lane under gantry cranes only upon clear request of terminal employees. Drivers not served by a gantry crane should drive outside the truck lane. After a container has been (un)loaded by a gantry crane, driver should leave the truck lane as soon as possible.
11. U-turn is possible only in designated places.
12. Do not drive too close to containers, tilting frame, rail tracks and under lifted containers.
13. Cell-phone conversations are not allowed while truck is on the yard.
14. You are responsible for any contamination (leaks) and damage caused by your vehicle.
I understand and accept above terms:
