- a. rate includes relocating containers to the depo / semi-trailers to the parking space;
- b. transshipment rate is applicable for direct train-train reloading or when time period between commencement of the terminal slot for train A and end of the terminal slot of train B do not exceed 24 hours;
- c. calendar days, including the date of drop off / pick up the container; for the clients using PCCI services
- d. for containers bigger than 20' (like: 22, 24 etc.) please use 40' container rate. The rate is valid also for 45' containers. If unloading to yard is before 12.00 the unloading day is calculated as a first storage day. In case unloading is proceeded after 12.00, first day of storage is calculated as from 00:00
- e. the rate per day of usage; it does not include the cost of handling and neutralization of pollutants
- f. only fitting, without flexi tank and additional materials;
- g. service is not available in LD Kolbuszowa; the rate does not include handlings; refers to a single wash; not possible in autumn/winter season;

¹ Any other services not mentioned in the tariff, if are possible to be served by the Terminal can be secured/proceeded only with the separate contract signed ahead.

² Storage services are available only when receiving the Operator confirmation first and signing separate contract, which is specifying detailed conditions and limitations. Storage services exclude warehousing and storage of the hazardous goods. UTI with IMO can be only accepted on the terminal when changing the transport mode is needed for transshipment operations during the transportation proces. The total storage time for transported IMO can not exceed 24h as from the time UTI was accepted to the terminal, excluding aproved emergency sitiations.

All the charges detailed in the Tariff are net charges (do not include VAT) ! and are valid also for train operators after signing the contract.
