RAIL PART

OF THE INTERMODAL TARIFF

The Rail Service covered by this Rail Part is an integral part of intermodal transport service provided by PCC Intermodal SA and therefore it cannot be used as a standalone offer, only in combination with to-door delivery service regulated by Road Part and the other services regulated in Terminal Part of The Intermodal Tariff. PCC Intermodal SA operates on the basis of the valid General Terms of Intermodal Transport Arrangement („GTITA”). GTITA and complete Intermodal Tariff are available at the company official website <http://www.pccintermodal.pl/en/about-company/for-download/>

Please read GTITA before sending an order to PCC Intermodal SA.

"Manipulation fee"

- mandatory fee, for each container being transhipped via DCT Gdańsk and BCT Gdynia
- the fee does not apply and is not charged for containers transhipped via GCT Gdynia
- more information on this fee is available at <https://www.pccintermodal.pl/en/to-all-customers-2/>
- manipulation fee will be shown as a separate position on the invoice
- the amount of the fee is calculated based on the current tariff rates published by DCT and BCT terminals and is averaged over all days of the week, including weekends and state holidays.

Weight remarks

When calculating the rate for 20` containers, with total brutto weight exceeding 22 tones, use 30` rates.
When calculating the rate for 20` / 30` containers, with total brutto weight exceeding 30 tones, use 40` rates.

Additional services

		EUR	PLN
Issuing customs transit document - T1	if up to EUR 100 000,-cargo value and not more than 3 HS codes at the invoice	45	n/a
Changes in documents ¹	per each single change required	100	450
Additional reporting the container status ²	per each report send	30	150

REMARKS:

- a. reloading of a container train-yard or truck- yard or v.v.
- b. transshipment rate is applicable for direct train-train reloading or when time period between commencement of the terminal slot for train A and end of the terminal slot of train B do not exceed 24 hours; the rate refers to additional handlings connected with transshipment within the terminal for service requirements, container repairs, washing, use of emergency tub, handling between the trains, weighing etc.)
- c. calendar days, including the date of drop off / pick up the container;
- d. the rate per day of usage; it does not include the cost of handling and neutralization of pollutants;
- e. only fitting, without flexi tank and additional materials;
- f. service is not available in LD Kolbuszowa; the rate does not include handlings; refers to a single wash; not possible in autumn/winter season; does not apply to hazardous goods and/or containers after waste unloading;
- g. applies only to PCCI terminals with VGM scales; rate assumes performance of ordered, previously planned weighing operation, being a part of transport order; does not apply to situations where weighing requires moving a container from yard or from external truck to scales

1. Any other services not mentioned in the tariff, if are possible to be served by the Terminal can be secured/proceeded only with the separate contract signed ahead.

2. Storage services exclude warehousing and storage of the hazardous goods. UTI with IMO can be only accepted on the terminal when changing the transport mode is needed for transshipment operations during the transportation process. The total storage time for transported IMO can not exceed 24h as from the time UTI was accepted to the terminal, excluding approved emergency situations.

ALL THE CHARGES ARE NET CHARGES (DO NOT INCLUDE VAT) !
